

Woodlands Trail

A fun place to go is to the Woodlands Trail
They also have places to hide when there's hail,
If you don't have food,
They'll have some when you're in the mood.

You can bring your bike,
Or you can take a hike,
It would be fun,
Just try to stay out of the sun.

If you look up in the sky,
You never now you might see an Osprey flying high.
If you want you can bring a tent,
Bring a mattress that's a big hint.

If I saw the World War II bunker what would they say,
"You should've seen me protecting that ammunition back in the day."
When I saw those graves,
I knew those were the slaves.

Now it's our time to do our share
To plan and protect to show we care.
Mrs. Brasted will be so happy to see
This greenspace reserved for you and me.
