

VENTURING CREW

Venturing Crew 60, sponsored by St. Philip's Episcopal Church, spent 10 hours during the recent Labor Day weekend getting rid of invasive non-native plants along the Woodlands Trail. They also have just returned from a high-adventure trip to Minnesota where they paddled and portaged canoes 65 miles into Canada. With the service hours on the trail, and the mileage from their trip, members were awarded the prestigious 50-miler award. Venturing Crew 60 frequently camps and enjoys snow-skiing.
